RE: Antonio Alegria
22753 Fisher St
Perris, CA 92570-6823
File No. Alegria
Case No.

Dear

In accordance with your request, I have personally inspected and prepared an appraisal report of the real property located at:

22753 Fisher St, Perris, CA 92570-6823

The purpose of this appraisal is to estimate the market value of the property described in the body of this appraisal report.

Enclosed, please find the appraisal report which describes certain data gathered during our investigation of the property. The methods of approach and reasoning in the valuation of the various physical and economic factors of the subject property are contained in this report.

An inspection of the property and a study of pertinent factors, including valuation trends and an analysis of neighborhood data, led the appraiser to the conclusion that the market value, as of 10/24/2023 is:

\$ 1,100,000

The opinion of value expressed in this report is contingent upon the limiting conditions attached to this report.

It has been a pleasure to assist you. If I may be of further service to you in the future, please let me know.

Respectfully submitted,

Signature:  _____

Emmanuel I. Valdovinos

APPRAISAL REPORT

of

22753 Fisher St

Perris, CA 92570-6823

As Of:

Uniform Residential Appraisal Report

SUBJECT

The purpose of this appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

Property Address	22753 Fisher St	City	Perris	State	CA	Zip Code	92570-6823
Borrower	Antonio Alegria	Owner of Public Record	Antonio Alegria	County	Riverside		
Legal Description	1.88 ACRES IN PAR 104 RS 026/001						
Assessor's Parcel #	325-200-039		Tax Year	2023		R.E. Taxes \$	1,462
Neighborhood Name	None		Map Reference	n/a		Census Tract	0429.03
Occupant	<input type="checkbox"/> Owner	<input type="checkbox"/> Tenant	<input checked="" type="checkbox"/> Vacant	Special Assessments \$	0	<input type="checkbox"/> PUD	HOA \$ 0 <input type="checkbox"/> per year <input type="checkbox"/> per month
Property Rights Appraised	<input checked="" type="checkbox"/> Fee Simple <input type="checkbox"/> Leasehold <input type="checkbox"/> Other (describe)						
Assignment Type	<input type="checkbox"/> Purchase Transaction <input type="checkbox"/> Refinance Transaction <input checked="" type="checkbox"/> Other (describe) Proposed New Single Family Residence						
Lender/Client	Federal Home Loans Corporation Address 3914 Murphy Canyon Road, Suite A-250 San Diego, CA 92123						
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No							
Report data source(s) used, offerings price(s), and date(s). CRMLS							

CONTRACT

I ☐ did ☐ did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed.

Contract Price \$	Date of Contract	Is the property seller the owner of public record?	<input type="checkbox"/> Yes <input type="checkbox"/> No	Data Source(s)
Is there any financial assistance (loan charges, sale concessions, gift or down payment assistance, etc.) to be paid by any party on behalf of the borrower? <input type="checkbox"/> Yes <input type="checkbox"/> No				
If Yes, report the total dollar amount and describe the items to be paid.				

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Neighborhood Characteristics				One-Unit Housing Trends				One-Unit Housing		Present Land Use %	
Location	<input type="checkbox"/> Urban	<input checked="" type="checkbox"/> Suburban	<input type="checkbox"/> Rural	Property Values	<input type="checkbox"/> Increasing	<input checked="" type="checkbox"/> Stable	<input type="checkbox"/> Declining	PRICE	AGE	One-Unit	80 %
Built-Up	<input checked="" type="checkbox"/> Over 75%	<input type="checkbox"/> 25-75%	<input type="checkbox"/> Under25%	Demand/Supply	<input type="checkbox"/> Shortage	<input checked="" type="checkbox"/> In Balance	<input type="checkbox"/> OverSupply	\$ (000)	(yrs)	2-4 Unit	10 %
Growth	<input type="checkbox"/> Rapid	<input checked="" type="checkbox"/> Stable	<input type="checkbox"/> Slow	Marketing Time	<input type="checkbox"/> Under3mths	<input checked="" type="checkbox"/> 3-6 mths	<input type="checkbox"/> Over 6 mths	665	Low	1	Multi-Family 10 %
Neighborhood Boundaries Mead Valley to the north, 215 Freeway to the east, Quail Valley to the south and Lake Mathews to the west. Approximately.								1,213	High	58	Commercial %
								936	Pred.	21	Other %
Neighborhood Description Proximity to schools, shopping, public transportation, freeways, employment & recreational facilities is considered to be convenient. Neighborhood employment stability, property compatibility & the protection from detrimental conditions, as well as the adequacy of public utilities including police and fire protection, are typical of the marketplace.											
Market Conditions (including support for the above conclusions) Market Conditions appear average with supply generally in balance with demand. Property values appear to be mostly stable with limited funds available.

RECONCILIATION

Indicated Value by: Sales Comparison Approach \$ 1,100,000 Cost Approach (if developed) \$ 1,103,760 Income Approach (if developed) \$ 0
This appraisal assignment is a summary appraisal report [under Standards Rule 2-2. as defined in the Uniform Standards of Professional Appraisal Practice (USPAP)] of a complete appraisal performed under Standards Rule 1 of the USPAP. See addendum for Final Reconciliation.
This appraisal is made [] "as is," [X] subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, [] subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or [] subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair: subject to completion per plans and specifications.
Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is \$ 1,100,000 , as of 10/24/2023 , which is the date of inspection and the effective date of this appraisal.

Uniform Residential Appraisal Report

ADDITIONAL COMMENTS

At the request of the client, development of the cost approach has been attempted by the appraiser as an analysis to support their opinion of the property's market value. Because there is insufficient market evidence to credibly support the site value/derivation of total depreciation, the cost approach is not given any consideration in the appraiser's final analysis. Use of this data, in whole or in part, for other purposes is not intended by the appraiser. Nothing set forth in the appraisal should be relied upon for the purpose of determining the amount or type of insurance coverage to be placed on the subject property. The appraiser assumes no liability for and does not guarantee that any insurable value estimate inferred from this report will result in the subject property being fully insured for any loss that may be sustained. The appraiser recommends that an insurance professional be consulted. Furthermore, the cost approach may not be a reliable indication of replacement or reproduction cost for any date other than the effective date of this appraisal due to changing costs of labor and materials and due to changing building codes and governmental regulations and requirements.

COST APPROACH

COST APPROACH TO VALUE (not required by Fannie Mae.)

Provide adequate information for the lender/client to replicate your cost figures and calculations.
Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value) Land value was determined using the allocation method, which is typical of this market area.

Report the results of the research and analysis of the prior sale or transfer history of the subject property and comparable sales				
ITEM	SUBJECT	COMPARABLE SALE # 7	COMPARABLE SALE # 8	COMPARABLE SALE # 9
Date of Prior Sale/Transfer	10/21/2020	01/16/2020	06/13/2003	
Price of Prior Sale/Transfer	\$60,000	\$498,000	\$55,000	
Data Source(s)	CRMLS	BlackKnight	BlackKnight	
Effective Date of Data Source(s)	10/23/2023	10/23/2023	10/23/2023	

Analysis of prior sale or transfer history of the subject property and comparable sales The subject property hasn't had any sales within the last 36 months. The comparable sales have not had any sales within the last 12 months unless noted above.

Summary of Sales Comparison Approach Comparables #7 and #8 are active listings similar to the subject property and from the same market area, used to help indicate current market value in the area. Time adjustments were based on the market's recent history in the subject's market area.

Market Conditions Addendum to the Appraisal Report

MARKET RESEARCH & ANALYSIS

The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009.

Property Address	22753 Fisher St	City	Perris	State	CA	ZIP Code	92570-6823
Borrower	Antonio Alegria						

Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include that data in the analysis. If data sources provide all the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc.

Seller-(developer, builder, etc.) paid financial assistance prevalent?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No		<input type="checkbox"/> Declining	<input checked="" type="checkbox"/> Stable	<input type="checkbox"/> Increasing	

Explain in detail seller concessions trends for the past 12 months (e.g. seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs condo fees, options, etc.)

The CRMLS MLS indicates there were 12 closed sales during the past 12 months and 4 of those sales contained seller concessions which is 33% of the total transactions in this market area. Prior Months 7-12: 5 Sales; 2 with concessions; 40% of sales for this period. 4-6: 4 Sales; 0 with concessions; 0% of sales for this period. 0-3: 3 Sales; 2 with concessions; 67% of sales for this period. The concessions ranged between \$1,000 and \$16,080. The median concession amount is \$3,500.

Are foreclosure sales (REO sales) a factor in the market? ☒ Yes ☐ No If yes, explain (including the trends in listings and sales of foreclosed properties).

The data used in the grid above does not indicate there were any REO/Short sales or other distressed properties associated with the reported transactions. However, this is not a mandatory reporting field for agents and there may be some distressed sales that were not reported. It is beyond the scope of this assignment to confirm each sale used in the Market Conditions Report.

Cite data sources for above information.

The CRMLS MLS was the data source used to complete the Market Conditions Addendum. Effective Date: Monday, October 23, 2023

Summarize the above information as support for your conclusions in the Neighborhood section of the appraisal report form. If you used any additional information, such as an analysis of pending sales, and/or expired and withdrawn listings, to formulate your conclusions, provide both an explanation and support for your conclusions.

While property values are now stable, supply and demand remain stable with 3-6 month turn arounds still the dominant marketing time. However, recent data indicates that market time may soon be back under 3 months.

CONDO/CO-OP PROJECTS

If the subject is a unit in a condominium or cooperative project, complete the following: Project Name:

Subject Project Data	Prior 7-12 Months	Prior 4-6 Months	Current - 3 Months	Overall Trend			
Total # of Comparable Sales (Settled)				<input type="checkbox"/> Increasing	<input type="checkbox"/> Stable	<input type="checkbox"/> Declining	
Absorption Rate (Total Sales/Months)				<input type="checkbox"/> Increasing	<input type="checkbox"/> Stable	<input type="checkbox"/> Declining	
Total # of Active Comparable Listings				<input type="checkbox"/> Declining	<input type="checkbox"/> Stable	<input type="checkbox"/> Increasing	
Months of Unit Supply (Total Listings/Ab. Rate)				<input type="checkbox"/> Declining	<input type="checkbox"/> Stable	<input type="checkbox"/> Increasing	

Are foreclosures sales (REO sales) a factor in the project? ☐ Yes ☐ No If yes, indicate the number of REO listings and explain the trends in listings and sales of foreclosed properties.

Summarize the above trends and address the impact on the subject unit and project.

Uniform Residential Appraisal Report

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report		Case No.	

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
11. I have knowledge and experience in appraising this type of property in this market area.
12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Borrower Antonio Alegria

Property Address 22753 Fisher St

City Perris County Riverside State CA Zip Code 92570-6823

Lender/Client Federal Home Loans Corporation Address 3914 Murphy Canyon Road, Suite A-250 San Diego, CA 92123

COMMENTS ON SUBJECT PROPERTY:

The subject property is a **proposed** 3 bedroom and 2.5 bathroom single family residence that will be built in 2024 and located in the city of Perris. The subject property's features will include a 3 car attached garage with addition workshop space, covered patios, horse corral, central air/heat and a security electric gate. The floor plan is typical and conforms to the neighborhood. At the time of inspection the appraiser noted there were no significant structural repairs or alterations noted and no health and safety hazards were present at the time of inspection. Overall, the subject displays adequate maintenance levels and is in average condition for this market area.

The subject is not located in an age restricted neighborhood.

The subject was measured, calculated, and report using the ANSI Z765-2021.

I have not performed no other services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

The exposure time for the subject property is 30 to 60 days.

The exposure time is the estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.

Highest and Best Use:

The relevant legal, physical and economic factors were analyzed to the extend necessary and resulted in a conclusion that the current use of the subject property is the highest and best use [USPAP - Standards Rule 2-2(b)(x)].

COMPARABLES:

An extensive search was conducted by the appraiser, using Pacific West Realtors MLS and RealQuest real estate software, going back 12 months and with in a mile radius in distance in an attempt to find the most recent comparable home sales similar the subject property and from the same market area. Due to lack of recent similar comparable home sales in the subject's market area, it was necessary to use comparable sales that sold over 90 days ago. Also, it was necessary to exceed customary guidelines for distance within the city of Perris to find the most recent and similar style comp sales and active listings. All the comparables used were the best available at the time of the inspection and they are all good indicators of the subject's current market value. Comparable adjustments are as follows:

Size:

Adjustments based on \$70.00 per additional square foot of gross living area in excess of 100 square feet gross living area, determined by market analysis and matched pair study.

Condition/Age:

Adjustments are based on the market's reaction in this area for higher/lower maintenance levels, upgrades and improvements, and/or overall curb appeal.

Other Adjustments:

All other improvement adjustments are based on Marshall and Swift's Cost Book and/or Market Analysis. All sales verified through public records, FARES, Fidelity National Title, and/or MLS as per USPAP requirements. This is considered a complete appraisal-summary appraisal report.

Adjustments are as follows: Lot Area: Approximately \$3.00 per square foot in differences of 1,000+ square feet. Living Area: \$70.00 per square foot in differences over 100 sq. ft. Garage: \$10,000 per vehicle. Private Swimming Pool: \$30,000.

COMMENT ADDENDUM

File No. Alegria
Case No.

Borrower Antonio Alegria

Property Address 22753 Fisher St

City Perris

County

Riverside

State

CA

Zip Code

92570-6823

Lender/Client Federal Home Loans Corporation

Address 3914 Murphy Canyon Road, Suite A-250 San Diego, CA 92123

Swimming Pool adjustments were based on the market's reaction to these amenities in this area.

Listing: List to sale ratio negative adjustment based on current market data for subject area (CRMLS).

No adjustments were made/necessary for bedroom count difference as there is no major impact in the market value and adjustments were made for differences in GLA.

Bathroom count adjustments were made at \$10,000 per bathroom count difference which is typical for this area.

In some instances bathroom/bedroom count and materials reported in public records differs from bathroom/bedroom count and materials reported in MLS because sometimes information reported in public records or MLS is outdated or incorrect. The appraiser verifies bathroom/bedroom information provided on the appraisal grid by reviewing the most recent public records available and by reviewing recent MLS photos when available.

Reconciliation:

The sales used in this report were the best available at the time of inspection and have each been given consideration. The subject's value of \$1,100,000 is both bracketed and supported by the sales utilized in this appraisal report. The subject's value is higher than the predominant value for the market area for similar style homes due to it's GLA size lot size and overall condition (new) in comparison to most other recent sales in the subject's market area.

It is noted that the subject's site value exceeds 30% of the appraised value. The subject is located in a neighborhood with high land value and this factor does not adversely affect the property. The subject's land value is typical for the neighborhood and market area and is a result of positive locational factors.

The intended user of this report is the client, their successors and/or assigns. The intended use of this report is to assist the user in making a lending decision. Any other use of the report by any other user is prohibited. The Intended User of this appraisal report is the Lender/Client. The Intended Use is to evaluate the property that is the subject of this appraisal for a mortgage finance transaction, subject to the stated Scope of Work, purpose of this appraisal, reporting requirements of this appraisal report form, and Definition of Market Value. No additional Intended Users are identified by the appraiser.

COMPETENCY PROVISION:

The appraiser has the appropriate knowledge and experience to complete this assignment competently. Appraiser qualifications are maintained in the appraiser's files and can be provided upon request.

SELF CONTAINMENT:

This appraisal report is intended to be a complete summary report containing the information necessary to enable the reader to understand the appraiser opinion. Any third party studies referred to, such as pest, hazardous materials or structural reports have been verified by the appraiser to the extent of the assumptions and conclusions used.

PERSONAL PROPERTY:

Any personal property involved in the transaction has been excluded from the valuation of the real property. Should a transaction, which includes personal property of sufficient value to affect the market value of the real property, be evident, a separate assessment of the personal property fixtures or intangible items will be identified and included with the report as a separate valuation.

DIGITAL SIGNATURE:

This appraisal is digitally signed. This digital signature requires a security password known only by the appraiser. No changes can be made to any portion of the appraisal once it has been digitally signed. The digital signature used on this appraisal is an accurate representation of the appraiser's signature.

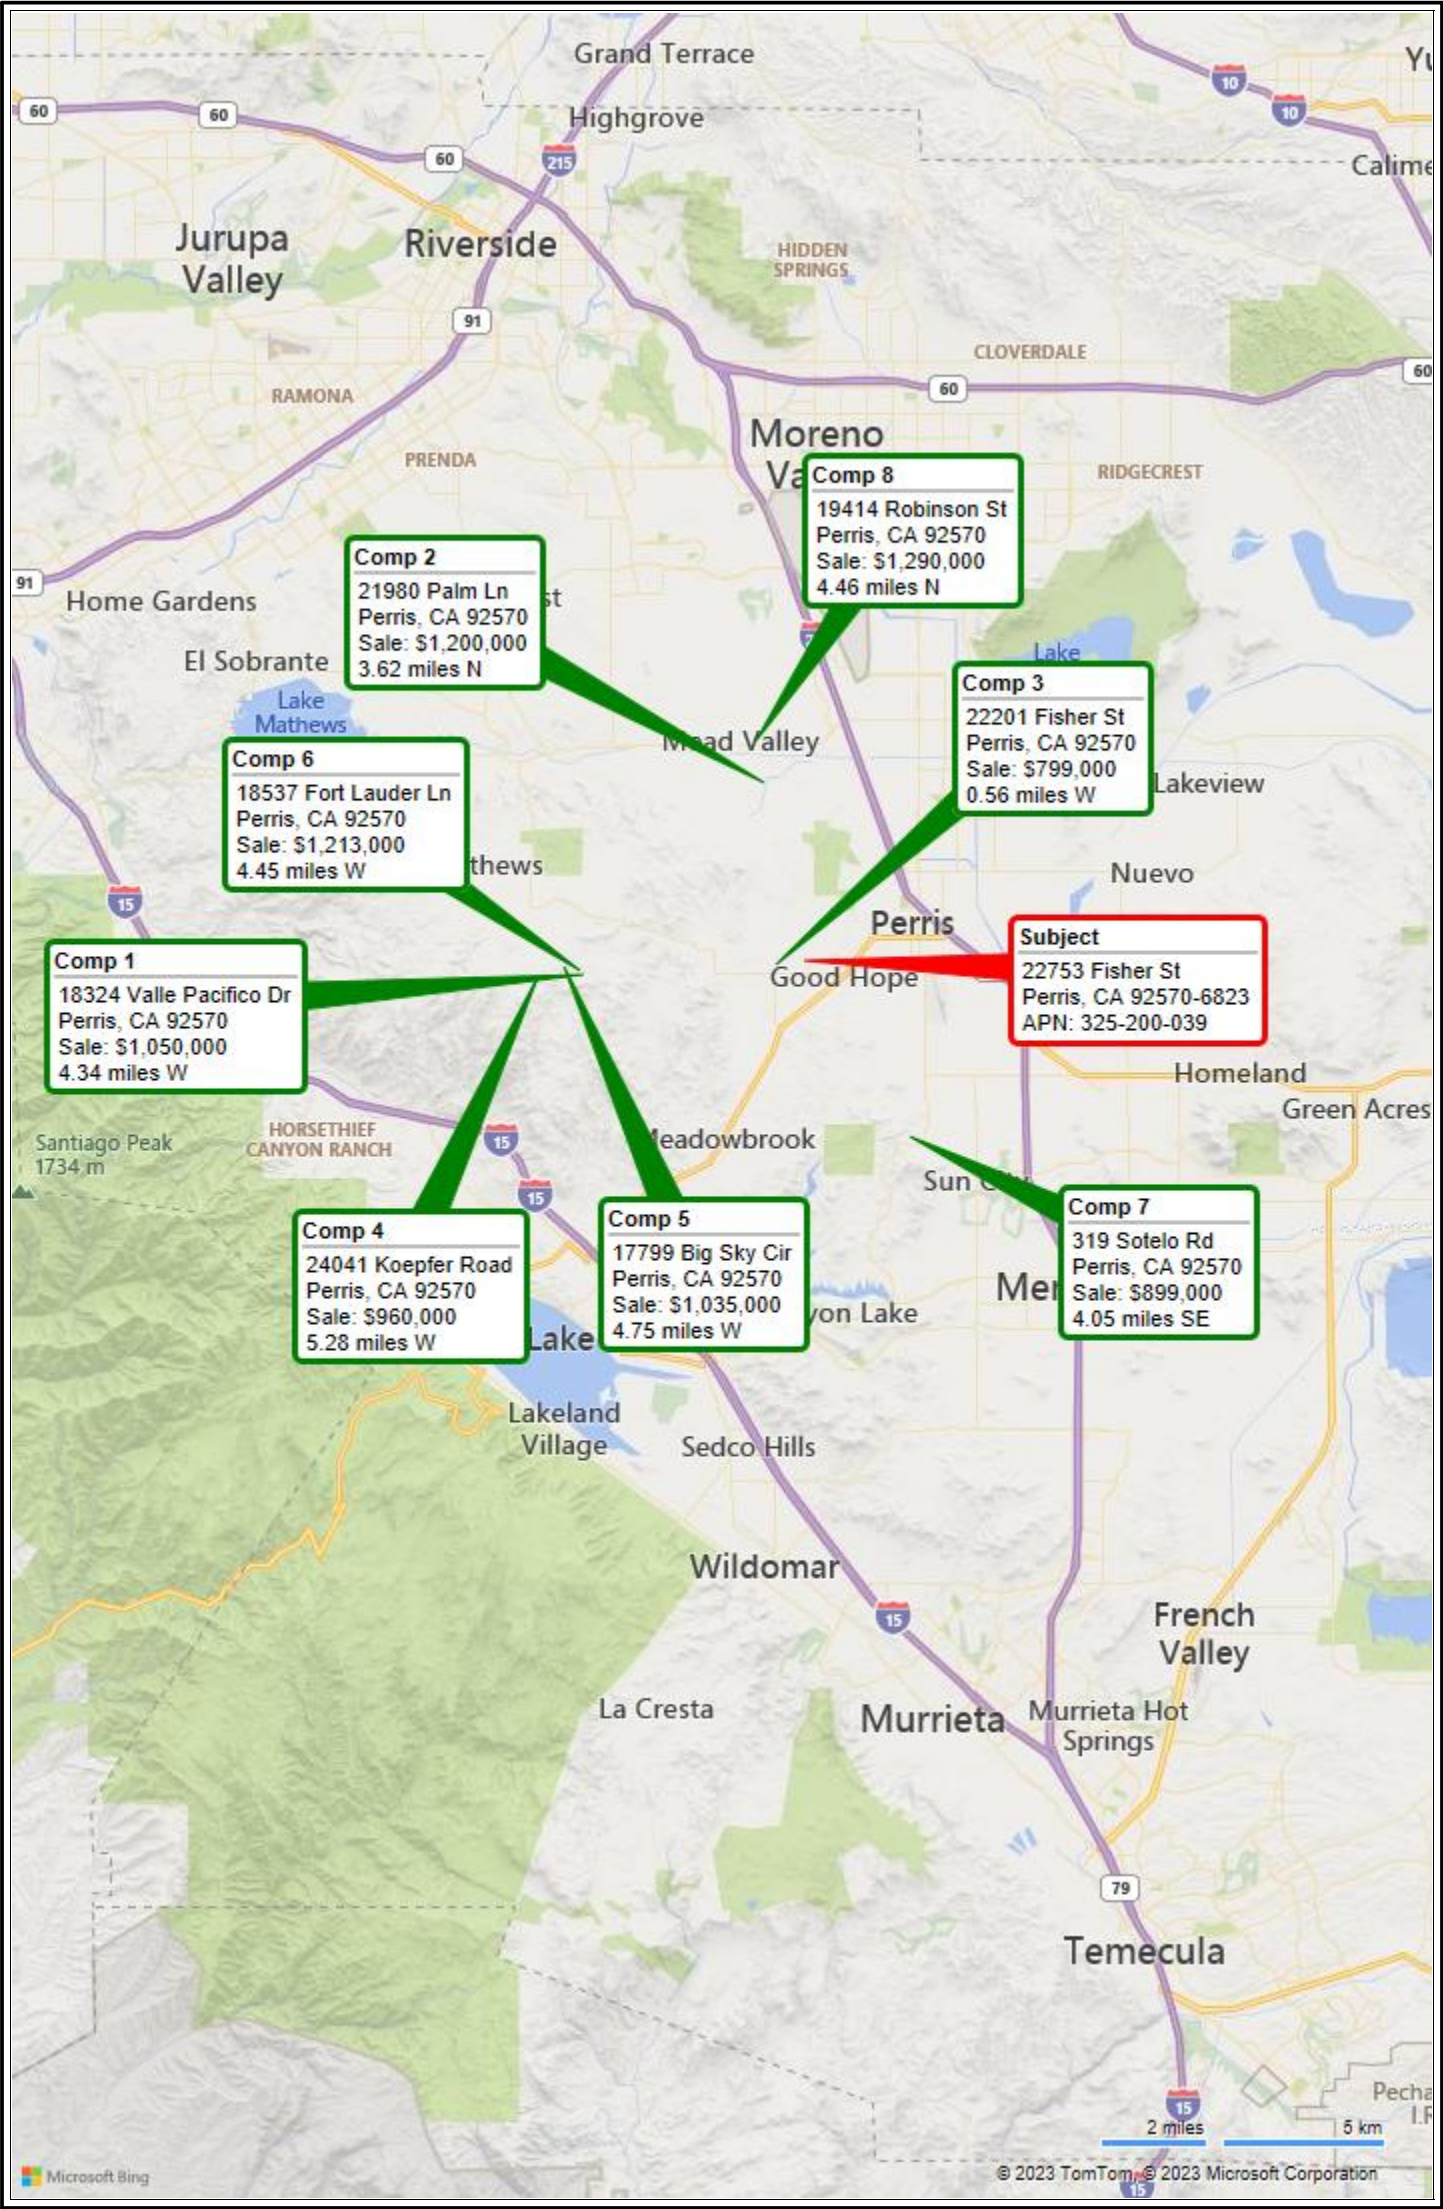

LIMITING CONDITIONS:

The appraiser is not a licensed building contractor or professional building inspector. The appraiser is not qualified to survey or analyze physical items that are not readily visible. If any of the parties in this transaction have questions or concerns regarding any mechanical or structural physical problems, conditions, infestation, contamination or other issues regarding the subject property, an expert in that field or specialty should be consulted.

APPRAISER INDEPENDENCE CERTIFICATION

The undersigned appraiser, being duly licensed or certified by the State in which the subject property is located, hereby represents and warrants that the appraisal performed in conjunction with this Certification complies with all elements of the Home Valuation Code of Conduct published December 2008.

In addition, the undersigned appraiser agrees that no one has influenced or attempted to influence the development, reporting, result, or review of this appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery or in any other manner including but not limited to:

- ☐ withholding or threatening to withhold timely payment or partial payment for this appraisal report;
- ☐ withholding or threatening to withhold future business;
- ☐ expressly or implied promising future business, promotions, or increased compensation;
- ☐ conditioning the ordering of the appraisal report or the payment of the appraisal fee on the opinion, conclusion, or valuation to be reached, or on a preliminary value estimate requesting;
- ☐ requesting that the appraiser provide an estimated, predetermined, or desired valuation in this appraisal report prior to the completion of the appraisal report, or requesting that the appraiser provide estimated values or comparable sales at any time prior to the completion of this appraisal report;
- ☐ providing to the appraiser an anticipated, estimated, encouraged, or desired value for the subject property or a proposed or target amount to be loaned to the borrower, except that a copy of the sales contract for purchase transactions may be provided;
- ☐ providing the appraiser, or any entity or person related to the appraiser, any other financial or non-financial benefits;

UNIFORM APPRAISAL DATASET (UAD)
Property Condition and Quality Rating Definitions

File No. Alegria
Case No.

Requirements - Condition and Quality Ratings Usage

Appraisers must utilize the following standardized condition and quality ratings within the appraisal report.

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: *Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).*

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: *The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.*

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: *The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. It's estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.*

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: *The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.*

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability are somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: *Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.*

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: *Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.*

UNIFORM APPRAISAL DATASET (UAD)
Property Condition and Quality Rating Definitions

File No. Alegria
Case No.

Quality Ratings and Definitions

- Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are exceptionally high quality.
- Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residences constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high-quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.
- Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.
- Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.
- Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.
- Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure.

Requirements - Definitions of Not Updated, Updated and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components meet existing market expectations. Updates do *not* include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:
3.2 indicates three full baths and two half baths.
